Temple/Carol,
Are you all including the sample sites in the geodatabase you are uploading to the FTP site? If not, can you add them?

Subject: Sample Priority for TCEQ

Good evening Rick,

As discussed, please see below for the list of sample priorities. Sample site #69 from Dec 15 is the first priority. Once the Dec 16 samples arrive, please prioritize the Zone 2 and Zone 3 lists (respectively) ahead of the remaining Dec 15 samples. Let's continue to coordinate verbally, as well, as there may be changes in the prioritization.

Thank you,

Kelly Keel Linden
